

OSO LIBRE

A note from the Winemaker:

Greetings from the lush, green hillsides of the Adelaida District. As you may have heard, Paso Robles closed out the year with abundant rainfall, followed by warm weather and sunshine—our apologies to those of you in the Northeast. Thanks to this much-needed rain, California is officially out of drought for the first time in nearly 25 years, giving the new year a wonderful start.

With this beautiful weather, we've had the pleasure of welcoming many members back to the winery to taste new vintages and restock their cellars after the holidays. We're confident you'll enjoy the specially selected 2021 Quixotic Cabernet Sauvignon included in this shipment. Its elegant structure and layered flavor profile make it the perfect companion for a cozy winter evening by the fire.

As the year continues and temperatures begin to warm, we hope you'll join us for a tasting or attend one of our upcoming events, such as our blending seminar. And for those of you joining us on the Danube cruise, we can't wait to see you on board.

Sincerely,

Michael Barreto
